## Cancellation of Commanderie des Fins Goustiers du Duché d'Alençon Competitions 2020

Since 1973 the Commanderie des Fins Goustiers du Duché d'Alençon has organised national european competitions for butchers products. The competitions also promote the products to the general public.

After consultation with the members of the Confrerie it has been decided unanimously to cancel the competitions this year, owing to the situation, and that to come, caused by the impact of Covid 19.

Similar decisions have been made by other French and European Confreries.

We hope that this virulent pandemic will become a nasty memory and we hope that a successful vaccine will soon become available. The dates for the competitions next year are 2<sup>nd</sup> & 3<sup>rd</sup> October 2021 and we hope you will all be able to participate.

In the meantime, we wish you every success in your businesses and above all stay safe and healthy.
